 Code Smell

Type assertions should use "as"

 Code Smell

Method overloads should be grouped together

 Code Smell

Interfaces should not be empty

 Code Smell

Trailing commas should be used

 Code Smell

"import" should be used to include external code

 Code Smell

Braces and parentheses should be used consistently with arrow functions

 Code Smell

Destructuring syntax should be used for assignments

 Code Smell

Template strings should be used instead of concatenation

 Code Smell

Shorthand object properties should be grouped at the beginning or end of an object declaration

 Code Smell

Object literal shorthand syntax should be used

 Code Smell

Strings and non-strings should not be added

 Code Smell

Primitive types should be omitted

Sections of code should not be commented out

Analyze your code

 Code Smell

 Major ?

 Quick Fix ?

 unused

Programmers should not comment out code as it bloats programs and reduces readability.

Unused code should be deleted and can be retrieved from source control history if required.
