

ESNext

Javascript is changing- and because Ember uses BabelJS, you can access those changes sooner than most people.

This series focuses on the new features available to you in ES2015 (ES6), ES2016 (ES7), and beyond!

9 videos 47 minutes

Series Lessons

1	ES2015-Functions minus 'function' (/posts/38-es2015-functions-minus-function)	4m43s
2	ES2015 Template Strings (/posts/es2015-template-strings)	2m40s
